EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The first paragraph of the specification has been amended to read :

--This application is a continuation of Application Serial No. 09/938,010, filed August 23, 2001, now U.S. Patent No, 6,632,231. The contents of Application Serial No. 09/938,010 are incorporated herein by reference.--

2. The following is an examiner's statement of reasons for allowance:

3. The prior art of record fails to disclose or suggest an expanding member with a plurality of blade segments being axially offset from, and a portion thereof juxtaposed to an adjacent blade segment and wherein the respective sharp edges of the plurality of blade segments collectively extend along substantially the same cutting line. This limitation, in combination with all of the limitations of claim 1, makes the claim allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
